

NIGHT & NIGHTS

Affiliate Artists selected for residencies beginning in April of 2011 will also be required to participate in the Center's signature spring event, Night of Nights. For this event each artist will design and transform their assigned studio into a creative event space. The night of the event, guests will experience each studio as they dine on a progressive dinner or series of tapas. For the inaugural Night of Night in spring of 2010, artists used a variety of media including fabric, netting, projection and painting directly on the studio walls. 2011 Affiliate Artists will work with the Center's Creative Director and Special Events Manager to develop their theme and plan their studio. Artists will be granted a stipend of \$250 to purchase materials. In addition to the budget for artist designed décor, the Center will provide tables, linens, flowers, candles, and rentals in each studio.

Timeline:

- November 2010: Artists selected for Summer 2011 and 2011/2012 11-Month sessions
- January & February 2011: Artists will work with Creative Director and Special Events Manager to plan their studio
- March 25 – March 29: Artists will install the majority of their design
- March 30: Finishing touches installed by artists and the Center
- March 31: Night of event
